

Sector – Residential Care

Sunrise Senior Living National Coverage

Sunrise Senior Living provide Independent Living, Respite, Assisted Living and Reminiscence Care to their residents in luxury surroundings. The Communities are purpose built in accordance with Sunrise's high specifications and equipped to an equally high standard. The residents are offered a wide range of activities ranging from themed evenings, gardening or visiting local attractions using Sunrise's own purpose equipped mini bus. The Communities are situated in prestigious locations and sit within their own landscaped gardens.

Sunrise Senior Living commenced in the USA twenty five years ago and now have in excess of 400 Communities in the States. The business is expanding rapidly in the UK and there are currently in excess of 21 Communities with ambitious plans to build five more per annum. The buildings are individually designed and incorporate many modern technologies in order to provide the residents with a safe and comfortable environment whilst achieving a high building energy rating.
